

SEAN MINOR.

Mother + Daughter journey to 1.5L Roberts Road Pinot

When we walk the vineyard of Sangiacomo Roberts Road, nothing else matters. If we are lucky enough to be there for sunrise, the world stops, the stillness and sounds of nature take over and we are overcome with emotion for why we began our wine business 15 years ago.

The Sangiacomo family is one of the most respected grower families in the California wine country and our relationship with them is near and dear to our hearts. They have entrusted us to make a beautiful Pinot from our reserved 2 rows of fruit, lovingly tended by the family. We are grateful beyond words for the commitment of their family and staff.

As a special dedication to Roberts Road, Elle and I spent time bottling a limited number of 1.5L bottles of our beloved Pinot. Our winemaker partner, Will Bucklin, led and encouraged us on our adventure. We caught a glimpse of the old world of winemaking, where the art of hand bottling wine truly takes form.

Elle and I are so pleased to offer these special bottles for your family, and we hope we can continue to make them from vintage to vintage. Enjoy some behind the scene production fun!

always invited.
